### Overview of the application process: For Market Makers

 In order to join CONNEQTOR, you must first register as a user and check the functions and operation in the demo environment.

\*Even if you have already registered as a demo user, please re-apply for the user information to be used in the production environment.

You can start trading by completing "2. Application for production use".

### **Application Steps**

1. User Registration (Registration of User and Broker information)

### How to apply

Please submit the "MT-31\_User Registration Form" to TSE via email.

- A user ID will be issued for use in the demo environment
- Even if you have already registered as a demo user, please reapply for a new user ID

# 2. Application for production use

Please submit the "MT-32\_ Application Form for Production Use" to TSE via email after checking the functions and operation on the demo environment.

- By agreeing to the Terms of Service, you formally apply
- Activate the user ID issued in step 1 in the production environment so that it can be used for actual transactions.

#### Start of service

<sup>\*1</sup> This is the application deadline for participation from the date of service launch.

<sup>\*2</sup> By submitting the "User Registration" form, the information previously registered as a "demo user" will be revoked and the submitted user information will be officially registered. At the time of service launch, only market maker accounts will be available. Investor accounts are not available.

## 1. User Registration

- Please confirm contact information with the securities company you will use in advance (\*1) and submit the "MT-31\_User Registration Form" to TSE (\*2).
- Once registered, you will receive an ID/password and can run a trading demo in the demo environment.

(1) Confirmation with Broker(*1)	[MM with Broker] MM tells the broker that MM would like to use CONNEQTOR and confirms the broker's contact.	
(2) Submission of application form	[MM to TSE] MM submitted "MT-31_User Registration Form" to TSE.	
(3) Request for confirmation to Broker	【TSE to Broker】 TSE coordinates with the broker and requests confirmation of the details of the application (*1)	
(4) Notification of confirmation (preparation) completion	[Broker to TSE] The brokerage firm prepares to accept the order and notifies the TSE of its completion. (*2)	
(5) Registration with CONNEQTOR	[TSE] TSE registers user information with CONNEQTOR	
(6) Notification of Registration Completion	[TSE to MM] TSE will notify market makers of the completion of registration	

### Once registered, the user can run a trading demo in the demo environment.

<sup>\*1</sup> Not required in the case that Market Maker is prop desk of a broker

<sup>\*2</sup> We will register the submitted user information for use in the production environment. If you have already registered as a demo user, please re-register.

## 2. Application for production use

- Please submit the "MT-32\_ Application Form for Production Use" to TSE after confirming the operation with the demo environment.
- Market Maker will be able to use their registered user IDs in the production environment once registration is complete.(\*)

(1) Submission of application form for production use	【MM to TSE】 MM submitted "MT-32_Application Form for Production Use" to TSE.	
(2) Registration with CONNEQTOR	[TSE] TSE registers contents of application with CONNEQTOR	
(3) Notification of Registration Completion	[TSE to MM] TSE will notify market makers of the completion of registration	

Once registered, Market Makers will be able to use CONNEQTOR in the production environment

## Type of User Account

- Two types of user accounts are available for Market Maker on CONNEQTOR.
- "Trader" user can show quote to RFQs and set Per User risk limit (Price limit).
- "Administrator" is an optional account and the user can set Firm-wide risk limit (One-shot).

		Trader	Administrator
Showing quote to RFQs		© Can be quoted	X RFQ cannot be viewed
Transaction history		O Can be viewed	Can be viewed (download only)
Risk Limit Setting	Per User risk limit (Price limit)	© Can be set	X Cannot be viewed
	Firm-wide risk limit (One-shot)	Can be viewed (download only)	© Can be set and viewed

<sup>\*</sup>The same person can also apply for both Trader account and Administrator account, then TSE will issue two IDs as a separate user for each authority.
